

TAWN Users Meeting 2013

The "TAWN Users Meeting 2013" took place on **Friday November 22**.

Location: Océ-Technologies B.V. Headquarters
Sint Urbanusweg 43
5900 MA Venlo

The sponsor of this day was Océ-Technologies in Venlo.
We thank them very much.

Programme

- 0930 – 1000 Reception
- 1000 – 1015 Welcome by the Vice president of Océ-Technologies B.V.
- 1015 – 1045 Applicative lecture by Océ-Technologies B.V.
- 1045 – 1110 Coffee
- 1110 – 1200 Simultaneous high-resolution determination of heat capacity and enthalpy by adiabatic scanning calorimetry, Christ Glorieux, KU Leuven,
- 1200 – 1230 TAWN General Assembly
- 1230 – 1330 Lunch
- 1330 – 1415 Demo at Océ-Technologies B.V. Headquarters
- 1415 – 1445 Tips and Tricks and short workshop by Geert Vanden Poel, DSM Resolve
- 1445– 1505 Measuring Methods for Non-Conventional Natural Gas Recovery Thomas Paschke, Rubotherm GmbH
- 1505 – 1525 TGA-DSC-MHG: Exploring the field of applications, R. Voeten, DSM Resolve
- 1525 – 1540 Coffée / Tea
- 1540 – 1600 Simultaneous thermal analysis under high pressure and high temperature: a precious tool for investigation of hydrogen storage and biomass gasification Hans Marx, Linseis
- 1600 – 1620 Determining the kinetic parameters of polymer crystallization using Flash DSC, Martin van Drongelen, TU Eindhoven
- 1620 – 1640 New test substance and procedure for determining the resolution of DSCs, Paul van Ekeren, TAWN
