

Thermische Analyse Dag 2011

The "Thermische Analyse Dag 2011" was organised on **Friday November 25th**.

We were the guests at Unilever in Vlaardingen. We thank this company very much for sponsoring this event.

The participants followed a very interesting programme:

Programme TAD-2011 (in Dutch)

- 10:00 Ontvangst met koffie / thee
- 10:25 Opening door de voorzitter
- 10:30 Welkom aan de deelnemers en introductie van Unilever en de afdeling Advanced Measurement & Data Modelling (AMDM) door Patricia Heussen
- 10:45 Patricia Heussen (Unilever): "Practical applications of differential scanning calorimetry"
- 11:15 Koffie / thee
- 11:35 Asifur Rahman (DSM Resolve): "Fast Scanning Calorimetry: Crystallization rate of Polymers"
- 12:05 Paul van Ekeren (TNO Rijswijk): "Thermische en mechanische karakterisering van polyurethanen toegepast in transparant pantser"
- 12:35 Lunch
- 13:35 TAWN ledenvergadering
- 14:20 Daniel Istrate (DSM Resolve): "Thermal Analysis on Keratines"
- 14:50 Thee / koffie
- 15:10 Wim de Klerk (TNO Rijswijk): "The history of (micro-)calorimetry"
- 15:40 Lilian Willems (DSM Resolve): "Simultane Thermische Analyse: DSC-Raman"
- 16:10 Thijs Pijpers (KU Leuven): "Crystallization and melting of n-paraffine and polyethylenes under high pressure"
- 16:40 Sluiting door de voorzitter
