

# Paul van Ekeren

Paul van Ekeren is since 2012 an independent researcher and lecturer in the field of Thermal Analysis, Calorimetry and Applied Thermodynamics.

For the main part of his career he studied and worked at Utrecht University. In 1984 he obtained his Master's degree in Chemistry (major: chemical thermodynamics; minor: colloid chemistry) with distinction. Successively he obtained his PhD in chemical thermodynamics in 1989. Up to 2007 he was assistant professor in the Chemical Thermodynamics Group. It is especially in this period that he amassed his knowledge and expertise in the field of Thermal Analysis and Calorimetry.

Between 2007 and 2011 he worked at TNO Defence, Security and Safety as Scientist Thermal Studies.

He became a member of the board of the TAWN in 1990. Up to 1997 he was the secretary and then the president.
